Thanks Ursula, also, I have uploaded some Distal 2 photos to a sharepoint site that you should have access to, I am also about to load those before/after photos that you had asked for from the site tour with the downstream tribe. I didn't load any "after" photos yet, but they will be coming. The locations of these are at the links below.

Good Afternoon Terry,

I did speak with Mr. Dodson, but I do not recall giving him the green light to make requests directly to you, without notifying me. Please have him to send me his request. Did we not provide this information to his predecessor? Have a pleasant afternoon.

Ursula,

Mick called me a short time ago and stated that he had spoken to you a while back after the last time he called me and said that you were OK with us providing him information. I just wanted to confirm and keep you in the loop that he made this request today. Let me know your thoughts.

Thanks,

Terry McElveen

Mr. McElveen:

Thank you, again, for your time and assistance.

This e-mail is per our phone conversation a few minutes ago: We would appreciate getting copies of any records that you have that document the use of the EPA's Repository in the Picher area by the Lead-Impacted Communities Relocation Assistance Trust and CWF Enterprises in March, April, May, June, and July 2011.

My contact information is below for your use. Please let me know if I can provide any additional information.

Sincerely,
Mick Dodson
